Environmental Product Declaration

EPD

Design: arge2

Viesner-Hager Möbel GmbH	Manufacturer
inzer Straße 22	Declaration holder
A-4950 Altheim	
Tel. 0043 7723 460-0	
http://www.wiesner-hager.com/en/	
TA 22012 1634 6330-201 03297740310	EPD number
6330-201 update_b	Declared product
update_b Stacking chair	
This declaration was compiled according to ISO 14025 and EN 15804 type B. It	Purpose
describes the environmental rating of the listed product and gives the possibility	
o compare it with other similar products.	
The content of this declaration is based on the results of the operational life cycle	Data origin
assessment, according to EN ISO 14040/44 of the fiscal year 2022/23. The used	
generic data comes from acknowledged life cycle management databases and	
current EPD's of the declaration holders upstream products and are calculated	
using the CML method.	
https://www.wiesner-hager.com/en/about-us/sustainability/life-cycle-assessment/	
The procedure to compile this declaration was audited on 14 th September 2023	Auditing
by TÜV Austria GmbH.	
DiplIng. Dr. Jürgen Hain, TÜV Austria GmbH, Wien	Auditor
By means of the certificate TA 22012 1634 from 26 th September 2023, TÜV	Certification
Austria GmbH authorizes the declaration holder to generate EPD type III.	
Download certificate	
The certificate is valid until 30 th September 2026. The compliance of the	Validity
equirements will be ensured by annual, internal and external evaluations.	
Gerhard Steigthaler, Master of Sciene, environmental engineer	Issuer

The general information of the LCA refers to whole lifecycle, beginning with the raw material make, the manufacturing of the product until the disposal of <i>one</i> unit of the product with an anticipated lifespan of 15 years. But the division of impact factors	Functional unit
with the masses of the product allowes also a specific statement in mass.	Application
Seating for public areas, acc. to EN 16139, EN 1022, EN 1728 and DIN 4573	Application
6330-201 update_b update_b Stacking chair, beech, seat shell plywood, upholstered seat	Identification of product
The update_b, which was originally conceived for the cafeteria area, is finding more and more adherents also in communication areas. Its slim and simple form and the various upholstery options make it the perfect cast in meetings and seminars, or as side chair in offices. The lightweight (from 5 kg) is also stackable up to eight chairs, which additionally facilitates its mobile use. The high-grade seat shell of beech or oak and/or with CPL coating as well as the comfortable fully upholstered version reflect the upmarket standard of the chair.	Description of product
cover 1 fabric S3140 plain black; upholstery without quilting seams; colour of wood B02 natural beech; colour of metal chrome; leg finish plastic glides	Configuration of

Material certificates

The following certificates are valid only for the mentioned raw-materials but not for the final product:

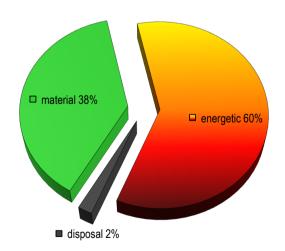

Shaped plywood: PEFC Standard - certificate 08.537.958, licence 08.537.958/1 Shaped plywood: FSC Standard - certificate BV-COC-012576, licence FSC-C108331 Upholstery fabric: Oeko-Tex Standard100 - certificate 073313.O, product class II

Recycling rate (EoL)

The chart shows the presently usual recycling rate in Western Europe, based on the used material mix.

The thermal recycling will release energy to the amount of 72 MJ. This is equivalent to 2 litre of light fuel oil.

The remaining ash from the incineration will be disposed of in a landfill.
